

Meet Board President Kim Burnett!

I joined the FACC Board in 2018 following many years of service as a volunteer Court Appointed Special Advocate (CASA), Master CASA, and volunteer Guardian ad Litem. I hold fast to a firm belief that every Alaskan child and youth in care deserves the greatest possible advocacy, support, and opportunities.

The wide and growing range of advocacy and supports FACC is able to offer children and youth in care and their families is an amazing gift brought about through a group of mostly unknown (but always unbelievably appreciated) volunteers and donors who truly exemplify the Alaskan Spirit. I am extremely grateful to be able to witness first-hand the amazing difference FACC is able to make in the lives of children and youth, their families, and within our communities.

I love Alaska's outdoor beauty, time with my family (& funny little doggy) and the infinite power of kind and good hearts.
